Beware these common signs of cults:

1. May present itself as an ordinary Church, School, Sports League, Business, or any other Organization;
2. Has a charismatic Leader who is considered to be a teacher or even deity, all-knowing and/or all-powerful;
3. The Leader's word is considered to be the absolute truth, and is used to control and manipulate members of the group;
4. There is a system of rules and regulations that members of the group are expected to follow without question;
5. Members of the group feel isolated from the outside world, and believe that the group is the only true source of guidance and support;
6. Members of the group feel fear or paranoia, and believe that the outside world is evil or dangerous.

These are common signifiers of a branch of the Cult of Greyface. This Church, School, Sports League, Business, or other Organization likely has a hidden agenda, and the Leader is likely using manipulation and control techniques to keep members in line. If you feel like you are part of a group like this, it is important to keep reading and reach out for help from a trusted source outside of the group.

Don't be their Pawn!

- You believe that there is a correct way to do things, and that deviation from this correct way is bad!
- You believe that there is a correct way to dress, and that any deviation from this correct way is bad!
- You believe that there is a correct way to talk, and that any deviation from this correct way is bad!
- You believe that there is a correct way to behave, and that any deviation from this correct way is bad!

Has the Cult of Greyface indoctrinated you?

You may be in a cult and don't even know it!

The only way to be sure if you are is to try to do *something else!* If you find it impossible to make your own choices without being mocked, belittled, or betrayed you maybe be under the control of a dangerous ideology! An ideology that can't be questioned is little more than a Cult! So think for yourself, schmuck!

The rights of a POPE include but are not necessarily limited to:

Freedom From What!?

The forces of Greyface, those who seek to impose Order with a capital "O" right upon your head! This is bad, of course, because Eris is the Goddess of Chaos and Disorder. In her all things have been created, destroyed, and recreated! She is the void that stirs beyond all creation, she has birthed all creation, she is all creation!

The cult of Greyface would have you believe that Chaos is bad, and that only Order is good. They would have you believe that their way is the only way, and that all other ways are wrong. They would have you believe that their thoughts are the only correct thoughts, and that all other thoughts are wrong. They would have you believe that their clothes are the only correct clothes, and that all other clothes are wrong. They would have you believe that their words are the only correct words, and that all other words are wrong. They would have you believe that their actions are the only correct actions, and that all other actions are wrong.

This is all nonsense, of course. There is no correct way to do things, there is no correct way to think, there is no correct way to dress, there is no correct way to talk, and there is no correct way to behave. There is only Chaos, and the only correct way to Chaos is your own way!

You couldn't be more mistaken! This means that God speaks directly to **YOU**, even worse is that God is a crazy woman named Eris who doesn't even seem to know you exist! That's right, God is a Woman, and she is NOT going to save you. Eris demands simply that you save yourself! So, if you find yourself in a cult, the first thing you should do is leave! Find your own way, and follow your own path. The cult of Greyface has nothing to offer you but slavery and death!
